

## **2023 - The Annual Richard Denner Memorial Scholarship Recipients**

The Denner Scholarship is a \$100 award and AGS Certificate of Merit that is given annually by AGS to guitar students attending local colleges.

Each March, the AGS Board decides which local college professors to include in this year's scholarship award effort. AGS notifies the professor of the scholarship opportunity and requests them to select one student that demonstrates dedication, continuous improvement, and notable proficiency in their performances, and understanding of the classical guitar.

Students who are selected by their professors are asked to attend an AGS meeting to perform their favorite piece, and receive their Certificate of Merit and a check for \$100.

Here are the 2023 Denner Scholarship Award recipients. These guitarists performed at our May 6<sup>th</sup> meeting and were given their awards.
